

KIEWIT INFRASTRUCTURE CO.

I-95 WILMINGTON REHABILITATION

The I-95 Wilmington Rehabilitation project includes the rehabilitation of approximately 4 miles of I-95 through downtown Wilmington. The project scope include pavement rehabilitation and replacement, bridge deck rehabilitation, parapet replacement, bearing replacement, drainage upgrades, new barrier wall, guardrail, painting, and substructure repairs. The main contract starts in early 2021 and will be complete in the Spring of 2023. Kiewit is looking for qualified staff, craft, subcontractors and suppliers to support the team on this large, fast-paced project.
